

# COMPANY PROFILE

  
**planoplex**<sup>®</sup>  
Subsurface and surface  
Asset Management Services

[www.planoplex.com](http://www.planoplex.com)

# DEPENDABLE

An oil and gas company delivering unique and dependable services to the industry. With Head office in Lagos and operational office in Benin, we are adept at Asset and project management with specialist skills in production optimization. Planoplex has the renowned capability of bringing declined / declining (seemingly dead) reservoirs back to life with proven and cost-effective technology.

Planoplex is also in partnership with Tera Insight of USA in the development of unconventional technology (satellite Imagery) for locating hydrocarbons in Frontier Basins.

Who  
We  
Are

**Planoplex Limited**

[www.planoplex.com](http://www.planoplex.com)

# OUR VALUES

- Commitment
- Result Oriented
- Profit Delivery

# COMMITMENT

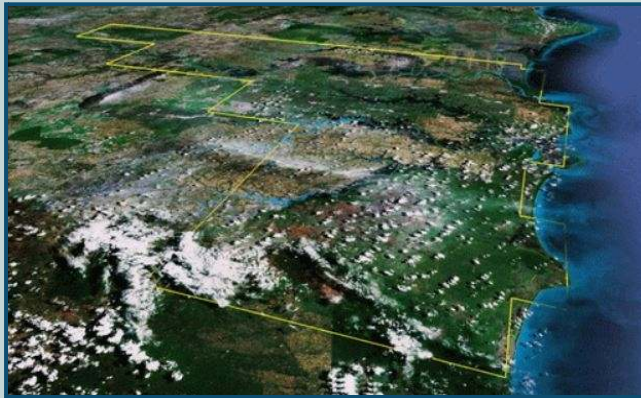

# CORE COMPETENCIES

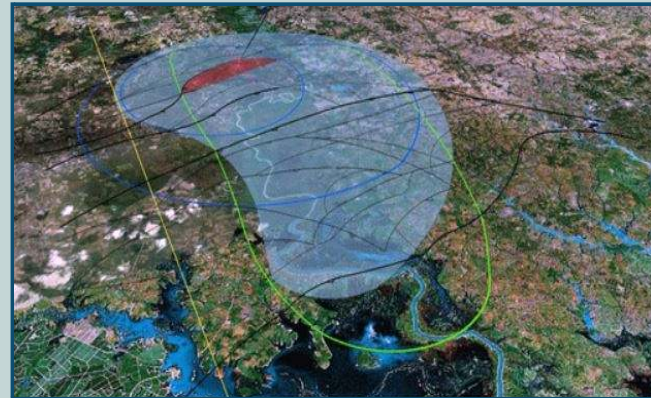

- **Location of hydrocarbon in Frontier Terrains using Unconventional Technology**
- **Integrated sub-surface Evaluation**
  - Seismic Interpretation
  - Geological Evaluation/Analysis (Depositional Environment and sequence stratigraphy)
  - Petrophysical Evaluation
  - Reservoir Engineering
  - Static and Dynamic Modeling
- **Asset Management**
  - Asset Integrity and Risk Management
  - Production Optimization-Integrated Production Management (IPM)
  - Real-Time Production Surveillance and Production System Visualization
  - Operations Supervision
- **Field Development/Re-Development**
- **Technical capacity Development**

# COMPETENT

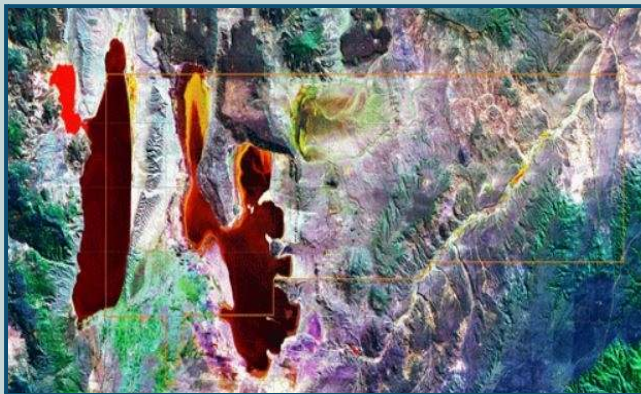

# SATELLITE IMAGERY TECHNOLOGY TO LOCATE HYDROCARBONS IN FRONTIER BASINS

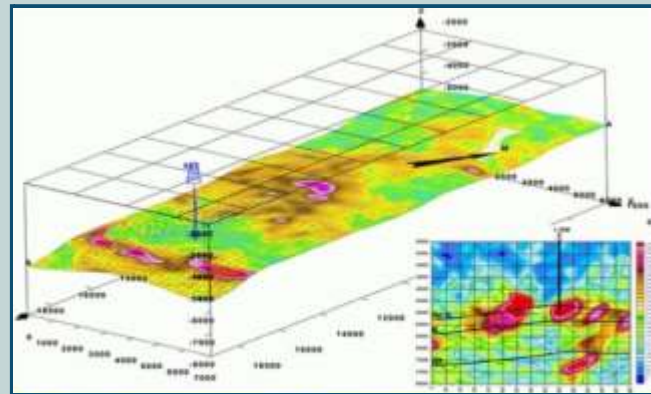

High-grade area, on or off-shore

- Assess hydrocarbon prospectivity of any territory
- Delineate hydrocarbon structures

- Assess hydrocarbon prospectivity of any territory
- Delineate hydrocarbon structures
  - Across territories of any size, geography, etc.

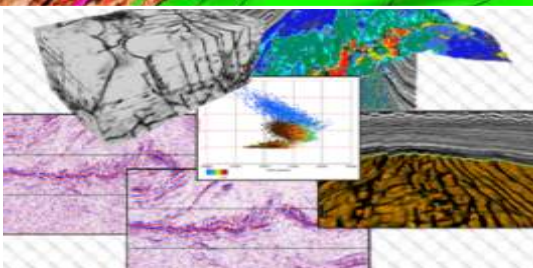

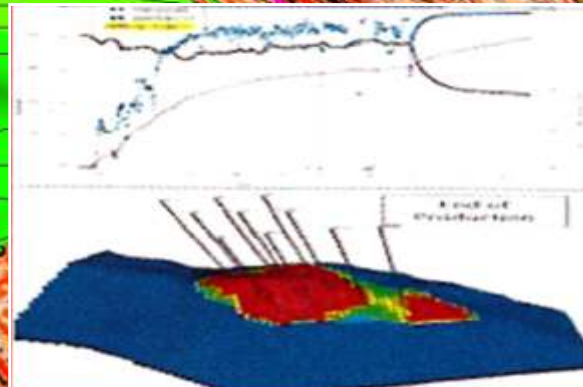

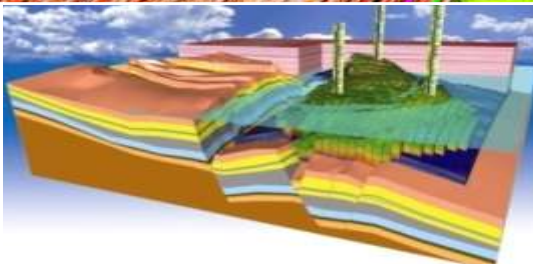

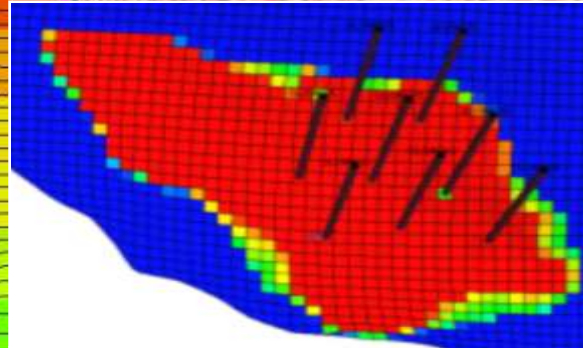

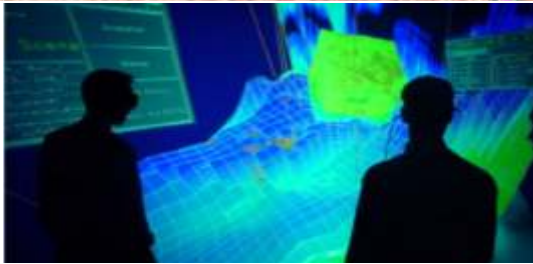

Assess reservoir quality through micro-seismic, open fracturing studies

# OUR SERVICES

Improving Production and Recovery Factor with reduced Unit Technical Cost (UTC).

# What We Do

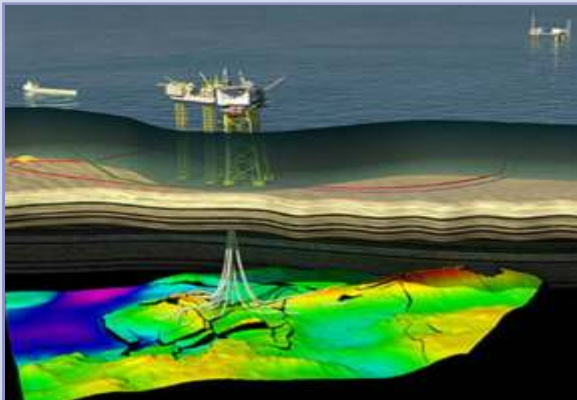

Planoplex Limited

## Integrated sub-surface Evaluation

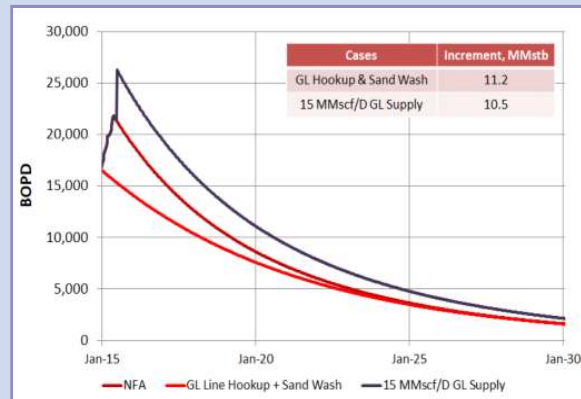

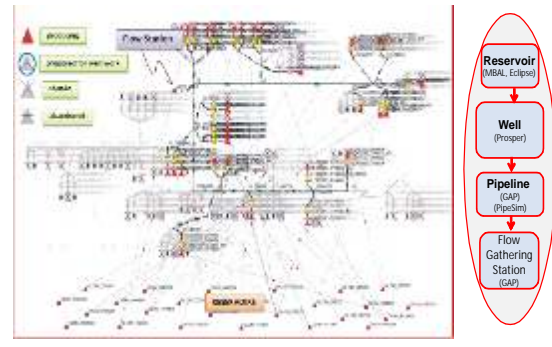

- Seismic Interpretation
- Geological Evaluation/Analysis (Depositional Environment and sequence stratigraphy)
- Petrophysical Evaluation
- Reservoir Engineering
- Static and Dynamic Modeling

# OUR SERVICES

TYPICAL IPM SCHEMATIC

# What We Do

Planoplex Limited

## Asset Management

- Asset Integrity and Risk Management
- Production Optimization-IPM
- Real-Time Production Surveillance and Production System Visualization

# OUR SERVICES

## What We Do

Planoplex Limited

### Field Development/Re-Development

- Field Development Programme (Surface and subsurface)

[www.planoplex.com](http://www.planoplex.com)

# TECHNICAL CAPACITY DEVELOPMENT
